# Middle East 2018

CALL FOR PAPERS

**INNOVATION  
STATION**

## **CAPACITY MIDDLE EAST 2018 INNOVATION STATION**

**What are the new innovative products & services entering the regional and global wholesale industry?**

Is your organisation actively investing in or in the process of launching a new product or service that you would like to share and promote to the regional and international carrier market? Submit your admissions detailing your company's new product or service to present in front of the global carrier community at the Innovation Station situated in the heart of the **Capacity Middle East 2018** exhibition. We welcome submissions from start-ups and existing organisations.

By participating in the Innovation Station, you will gain exposure in the following:

- ▶ Your pitch will be filmed and distributed to the entire global wholesale industry post event
- ▶ Your product and service will feature in the post event report
- ▶ Market yourself to companies looking for new investments and innovative partnership deals
- ▶ Your service and speaker will be featured in all marketing channels in the lead up to the event

For visibility package options please contact:
